

NATIONAL SUN YAT-SEN UNIVERSITY

Institute of Environmental Engineering Regulations of Rewards for Master's Degree Students Studying for Doctoral Degrees after Completion of Master's Degree Studies in the Institute

Approved by the 2nd Institute General Meeting on September 17, 2010, School Year 99.

Amended and approved by the 6th Institute General Meeting on February 24, 2012, School Year 100.

Amended and approved by the 2nd Institute General Meeting on November 13, 2013, School Year 102.

Amended and approved by the 3rd Institute General Meeting on January 7, 2014, School Year 102.

Article I Purpose: This set of regulations is specifically issued to encourage outstanding students of the Institute of Environmental Engineering (IOEE) to study in the doctoral program and continue research.

Article II Eligible applicants:

- A. Students who passed the entrance examination of the doctoral program after completing master's degree studies in the IOEE (part-time students excluded).
- B. IOEE master's degree students permitted direct entry to the doctoral program each year.

Doctoral students meeting either of the above requirements and completing the enrollment procedure without application for retention of student status, suspending studies, or resuming studies after suspension of studies are eligible to apply.

Article III Funding items, numbers of recipients and funding amounts:

- A. Rewards shall be awarded to at the most five new doctoral students, including at least two IOEE master's degree students who passed the entrance examination of the doctoral program. Each student shall be given NT\$30,000.
- B. Students meeting the second requirement and having papers published in SCI journals (as corresponding authors or lead authors) during their study in the institute shall be funded NT\$5,000 per paper. Doctoral students serving as teaching assistants shall be given priority.

Article IV Application timeline and review:

- A. First-year doctoral students meeting the first requirement shall submit their applications (application form as shown in Appendix 1) between October 1 and 15 in the entry year.
- B. Doctoral students meeting the second requirement shall submit their applications (application form shown in Appendix 2) after receiving paper acceptance letters or

paper publication notifications from SCI journals. Funding shall be provided to one student per paper only.

All applications shall be reviewed by members of the Teaching and Curriculum Committee and the director of the institute and the corresponding funds shall be issued after applications are approved.

Article V The funds needed for the funding shall be provided from funds raised by the IOEE. Funding shall be suspended when the raised funds are used up.

Article VI This set of regulations shall be implemented following approval of institute general meetings. The same procedure shall be carried out when amendments are to be made.
